Dear Mark,

Following up on our telephone call in November, 2014, CFAC would like to reiterate its desire to begin discussions about entering into an Administrative Order On Consent with the EPA regarding assessment activities at the above referenced site. During our November telephone call, you had said that you thought that such discussions would be a logical next step and would contact me with regard to scheduling. I have not heard from you and thus wanted to follow up and begin that scheduling discussion.

Please feel free to contact me if you have any questions and I look forward to hearing from you regarding when we may schedule a call or in person meeting to discuss next steps with regard to an AOC.

Many thanks and best regards,

Andrew Otis
